

INTERNATIONAL LABOUR NETWORK OF SOLIDARITY AND STRUGGLES

Dear comrades,

Your strike, on July the 10th, is an example and a great subject of hope for all of us in the world. Your country, as our countries, is facing the worst attacks and the government argue that it's because of the crisis, *their crisis!*

On 10 July, nearly 1.5 million council and school workers, teachers, civil servants and others will protest against the continuing public sector pay freeze. Also, the strikes are on particular issues such as pay, conditions or pensions. But the background is the continual brutal onslaught called austerity led by the Tory/Lib-Dem government, as in every where in the world. And at the same time as council workers are striking over pay, councils including Labour are viciously cutting jobs and services and are outsourcing many services. Also, the NUT (teachers) and FBU (firefighters) will be on strike against pension reforms and cuts. Workers from Unison, PCS, Unite, GMB, NUT, FBU and NIPSA will also be on strike together. Transport for London workers as well as power control operators on London Underground will also be out on strike, that is RMT and TSSA (railway unions).

Same story, same causes, again, in most of our countries. It will be, for sure, one of the biggest strike in the UK history. Capitalism cost us a lot, a lot too much, It's time for you and for all of us to strike back!

So, dear comrades, you can be sure that all the members of the International labour network of solidarity and struggles support your strike. On July the 10, we will all be with you! Solidarity with all the workers on strike in UK
